

**Major Sam P. C. Commander and Director**

**Major Tom Fazio** is chairman of the Italian department of the Chase Manhattan Bank. Mr. Fazio joined Chase in 1965 after working at the New York Stock Exchange. He has been involved in the development of the Italian market since 1970.

More publications in the United States have been issued concerning information on PCBs, and are reported in the *Book List of Recent Publications on Arsenic, Lead, Zinc, Copper, and Tin*, prepared by the Committee on Standardization and Testing of the American Society for Testing and Materials, which includes a chapter on PCBs as well. International organizations have also published some reports on PCBs, and there is a compilation of 100 reports on PCBs in the *Report on Arsenic, Lead, Zinc, Copper, and Tin*, prepared by the International Organization for Standardization.

Many firms are using descriptive models such as the Markov model. Meltzer (1986) describes what can be done with such models in *Artificial Cost Functions*.

Meltzer (1986) is quoted in *Artificial Cost Functions* (1986), that "they have been used in the design of production systems."

**Amelia Earhart**  
Mary Elizabeth  
Earhart  
**Mother:** Amelia Earhart  
Born Atchison, Kansas, on July 24, 1897; died in the South Pacific Ocean, July 2, 1937.
